Hi Matt,

FYI, here is a map from the EBD 2011 of the NFK and NFK tributary 1.190, showing the percent pool, riffle, glide, and beaver pond areas. There are likely similar ones for SFK and UTC....just looking through it all now.

Tim,

Good afternoon. Patty suggested I contact the Pebble Corps Project Manager directly to request the data layers. I will do that, but we may not get an Immediate response.
